Your hands are so old. Numbers 43 23 82 looking ahead. Numbers
out of our new year now you. Complete age. Held so often sitting
beside you on a sofa, on a bus, in a boat on a lake on a beach on
a hot afternoon. Hands so old. The "inging" of a life like an
arrow. Flesh counts. Numbs our eyes and hair grows on our bodies
year to year out of age only. We love us. Your hands old.

Relation speaks. Tree talks hierarchy loop subject returns.
Knowledge a bag of things to be changed later to knowledge.
Statement of instructions horoscope Kenkyusha language read
reading out of order in order it speaks to itself so that the feed
picked up lists things and complete branches/worlds end there.

Zest is issued every few weeks. Distribution is by contributors (each gets 5 copies) and subscriptions (\$10 for 6 issues). Manuscripts and artwork are photocopied directly so send your work clean and not faded. Originals come out better than copies. Creators' names should be on the work. Dates are interesting. This Zest by E. Grassonin off a Sharp copier.
